DETAILED ACTION

1. this is in response to applicant's argument filed September 16,2005, in which claims 1-22 are pending.

After further search and though examination of the present application and in view of applicant's argument , claims 1 through 22 are found to be in condition for allowance.

Allowable Subject Matter

2. Claims 1 –22 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: the prior art does not teach disconnecting means for disconnecting a line which is being used for a communication when the signal peculiar to the USB is not detected by said detecting means within a predetermined time and see applicant's response page 6-8 filed September 16,2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
